Full-stack developer with Hands-on experience delivering scalable systems using React, Node.js, and AWS Lambda. Specialized in building serverless backends, REST APIs, and real-time applications with optimized performance. Experienced in database design with PostgreSQL, MongoDB, and DynamoDB. Delivered solutions handling over 7,000 API requests/day with sub-2s latency and zero downtime.

PROJECT EXPERIENCE

FITBILL | React Native, Express.js, Prisma, SQL, AWS Lambda

- Engineered a cross-platform Gym Management System for 100+ active users, supporting real-time member tracking, attendance, and financial analytics.
- Developed **automated alert systems**, daily **check-in/out logs**, and an **intuitive dashboard** to streamline operations.
- Architected a **cost-efficient backend** on **AWS Lambda** using **Express.js** and **Prisma**, cutting infrastructure costs by **90%**.
- Delivered a responsive mobile app with low-latency performance, enabling seamless workflows

STUDENT ATTENDANCE TRACKING SYSTEM | AWS Lambda, Express, WebSocket, DynamoDB

- Built a serverless backend handling 3,000+ daily users and 7,000+ API requests with zero downtime.
- Utilized **BeautifulSoup** for efficient **HTML parsing**, managing **5,000+ data points** per day.
- Optimized serverless architecture, scaling 7,000+ requests/day with zero operational cost.
- Achieved 1.5–2s response times, ensuring real-time data updates and high scalability.

LEARN-SPHERE – Curated Learning Platform | Next.js, Prisma, Google Gemini API

- Developed an **interactive learning portal** enabling users to **organize and personalize courses**.
- Implemented AI-generated flashcards, summaries, and quizzes using Google Gemini API.
- Optimized content retrieval with a **scalable Next.js backend**, delivering a **fast and responsive** experience.

EDUCATION

VIGNAN'S INSTITUTE OF INFORMATION TECHNOLOGY

Bachelor of Technology in Computer Science and Engineering (CSE) | 2022–2026

CGPA: 8.15

KENDRIYA VIDYALAYA No -2 SVN (10+2) | Completed: 2022

ACHIEVEMENTS & LEADERSHIP

- Winner IWD Hackathon by Google Developer Group Vizag
- 4* Coder on CodeChef, Solved 600+ DSA problems across platforms like LeetCode and CodeChef, CSES
- CodeChef Student Chapter & GDG CP Lead Led competitive programming events and workshops, fostering skill development and collaboration.
- National Handball Goalkeeper Kendriya Vidyalaya

SKILLS

Frontend: React Native, React.js, Next.js, HTML, CSS, Tailwind, EJS Backend & APIs: Node.js, Express.js, RESTful APIs, WebSockets

Languages: Python, JavaScript, TypeScript, C++

Databases: SQL, PostgreSQL, MongoDB, DynamoDB, Prisma

Cloud & DevOps: AWS Lambda, Git, CI/CD, S3
Tools & Libraries: BeautifulSoup, Google Gemini API

Core CS Concepts: Data Structures, Algorithms, OOP, Operating Systems
